

Make a difference

The Friends of Kennington Park have been working closely with Lambeth Council since 2002 to bring new facilities and improvements to the park. The Fitness Area, the Flower Garden and new play equipment are examples of what we have achieved in recent years.

Now, we are excited to announce that following a long campaign, we have helped to secure an investment from the Council of over £1 million. This will be used to part fund some important new projects over the next 2-3 years. We need your help to design and fund these improvements.

Restoring the iconic 1970's Skatebowl

This iconic bowl, one of the first of its kind in the UK, is much loved. Affectionately known as `Kenny`, it already attracts riders of all ages. We hope to be able to restore it and make it even better. **For more details and to get involved email skatebowl@kenningtonpark.org**

Improving the children's play area

Although this is already a great place to play, our aim is to improve it – to make it bigger and to redesign it so that it meets modern play standards and inspires children to play together and exercise. **For more details and to get involved email playarea@kenningtonpark.org**

Youth meeting and activity zone

Building on the success of the table tennis area as a place for young people to get together, we want to develop that area further to create a space for young people to exercise, to relax and to share ideas. **For more details and to get involved email youthzone@kenningtonpark.org**

Water solutions

The park has a problem with water! We desperately need new toilets, unblocking and renewing of drains, and improved pathways for safety and to stop flooding. Have you any ideas about what we should do? **For more details and to get involved email watersolutions@kenningtonpark.org**

Follow us on   

If you've been inspired by one of our projects, email us NOW and get involved. Alternatively complete and return to us the form below:

I/ we would like to **get involved** in one of FoKP's projects.
